

## Phoenix Rod and Gun Club Membership Report

July 11, 2012

Current membership is 1055 with 870 due to expire August 31. That's 543 more than when I assumed responsibility 2 and half years ago, net result, and lot of processing over the next 6 weeks. Thanks to those of you who renewed early.

We have moved the data from the multiple inaccurate spreadsheets to Member Ties Database. This allows us to accurately track membership records, including dues postings, activities, and reporting that was previously unavailable. It has absolutely streamlined processing.

Breakdown:

Life            15

Family        435

Individual 605

Please review the guidelines regarding late renewals and fees. Gate codes will be de-activated in early September for non-payment of dues.

George Lyle
